

Certificate of

Area:

SCOTLAND

Course Accuracy

Certificate Number:

SCO_11_013

Course Name: **LOCH LEVEN HALF MARATHON**

Race Name: **LOCH LEVEN HALF MARATHON**

Date of Race: **May 2012**

Distance: **13mile 193yards**

Measurer: **Alan Young**

Date Measured: **5th November 2011**

Elevation change: **+0.4m/km**

Start / Finish separation as a percentage of course length: **9%**

I have been notified that the course to be used for the road race on the above date will be exactly that which was accurately measured by a graded UKA Course Measurer using IAAF procedures approved for use in the UK. A complete record of the measurement has been filed by the Area Measurement Secretary.

To ensure accuracy, the race officials must consult the measurement report and check the exact location of the start / finish, route details and road restrictions specified by the measurer. Any changes must be checked by an accredited measurer and new certificate will then be issued.
