The company is also keen to move into a mass market cross country event with the potential for Hamilton Racecourse as the venue. It was noted the event targeted the JogScotland and beginner runners rather than elite athletes. Scheduled date of 13<sup>th</sup> December proposed.

**6. Cross Country Grand Prix**

6.1 MP addressed a previously circulated paper highlighting the incentive focus of the addition of the Liverpool Cross Country event and Inter Counties Cross Country Championships with finishing positions in the context of Scottish athletes to be the determining factor in these two events. District Championships to be included in the Grand Prix.

**7. National Mid Trail Championships**

7.1 It was noted that only 30 entries had been received for this event which threatened its viability.

**8. Officials Commission/Endurance Course**

8.1 DC reported that a meeting is to be held with Graham Jessop regarding provision of a Level 2 Endurance Course which may then lead to a couple of training courses being organised.

**9. Strategy Issues**

9.1 **U20 Men in District Championships:** Following extensive discussion it was agreed to retain U17/U20s racing together with an attempt being made to maximise the potential for both groups to be on the same course for as long as possible, noting that this was course dependent.

9.2 **Athletes with a Disability:** NH reported on an approach made to the Tom Scott Road Race organisers requesting permission for a wheelchair entry. The course was assessed as unsuitable for wheelchair athletes due to the steep hill descent and open road elements of the course. The Commission noted that current events open to athletes with a disability included the Women's 10k; Great Scottish Run 10k and Half Marathon and the Aberdeen 10k. Noting that the focus and emphasis may require to be on closed road races, it was agreed to involve Disability Sport Scotland in discussions on the matter. A sub group of the Commission to be established with a view to determining a strategy by the end of the year.

9.3 **Senior Women's Distances in Cross Country/Numbers comprising teams:** Following discussion, it was agreed that 4 to count would apply to both male and female teams in the National Short Course Championships as a test event, the results of which will be reviewed by the Commission.

9.4 **IAAF Age Groups:** The Commission noted that proposals on this topic would be presented to the UKA Board in September for inclusion in the rule book for 2016.
